## ABOUT

I'm a web development student interested in web design and user experience design. I enjoy stepping into users' shoes to build websites that meet their needs.

I have experience with HTML, CSS, JavaScript, PHP, SQL, C#, Angular, ASP.NET, responsive web design, SEO, content management systems (WordPress and Joomla), and Git/GitHub. I'm continuously learning new things to improve my skillset.

## EDUCATION

**Web Developer AAS Degree | Wake Technical Community College**  
2019 – 2022

**Bachelor of Science in Elementary Education | University of North Carolina at Greensboro**

## EXPERIENCE

**Tutor | Self-Employed**

JUNE 2014 – PRESENT

Provides reading and writing tutoring to elementary and middle school-aged students. Key responsibilities include utilizing Orton-Gillingham Evidence-Based Reading Instruction, develops and implements lesson plans to improve reading and writing skills, and conducts weekly assessments to measure skill acquisition.

**Nanny | Private Family**

AUGUST 2011 – MAY 2014

Provided daily care for two children, ages 2 and 4. At the end of my employment, the children were 4 and 7.
